Union Pacific-Southern Pacific Muddle, Hangs Over Market.

GENERAL BUSINESS FAIR

Scarcity of Railway Common, 89 Bid, 90 Asked-Adjournment Friday and Saturday.

By 1. A. PLEMING.

Another effort on the part of the Union Pacific officials must be made to solve the tough proposition of eliminating IES, 150,000 Southern Pacific stock from its reasury in such a manner as not to sacrifice it, and to accomplish best results as securing through connections destroyed by the dissolution of the long-standing merger between the Southern Pacific and the Union Pacific.

All plans so far have been unavailing.

by the dissolution of the manager between the Southern Pacific and the Union Pacific.

All plans so far have been unavailing. The Attorney General approved one plan, provided it was acceptable to the Callifornia State commission, and it was turned down cold. A modified plan on the same lines was set aside.

Brilliant juriet that he is, President, Lovett, of the Union Pacific, is up a stump—at least for the time being.

Wall Street wants this matter settled, sand that right soon. It wasn't this great block of stock tied up so that it will not be a threat on the market; it wants the entire affair closed before May 10, the date upon which the Supreme Court will undertake naming receivers for the two companies unless the divorce is then complete.

narket influence.

But general business continues satisactory; the distributing business, as well
at the manufacturing industry, is only
actricted by tariff possibilities; railroad
arnings are good; money is working
sider, and time loans are again possible
a the street.

The administration is going slow and
ith a certain measure of aureness that
encouraging and is clausing some resion of upinion.

For some reason or other the

is encouraging and is causing some retained of the control of the

McReynolds William.

Morney General McReynolds is putcon estumbling blocks in the way or
Union Racine-Southers Parities serment. He is perfectly willing to give
official O. &. to anything that will
occe the two companies, provided th
is the California Commission and the
er court. S. B. Chapin & Co., et
as York, have this to say, as the
se of the failure to reach an agreemission.

## The Trouble.

"Its your move," SNY Attorney General McKeynolds to the railroads, in the Union Facilic-Southers Pacific settlement, and he proposes to busy himself with other questions until the railroads some across. This does not betoken an

with other questions until the railroads come across. This does not betoken an artifusio of itselfility, by any means, nor even of indifference, it's all he can do for the Supermite Court has declared that a certain end must be accomplished the ways and thereunto are left to the devices of the parties to the uniawful merger. They got themselves into the fix and must get themselves into the fix and must get themselves into the fix and must get themselves out of it. The device, however, must be approved by the covernment and be acceptable in its details to the lower court. The offenders have until May 16 to work out a platii.

If through unwillingness to comply to horaparity to devise, the required result is not accomplished, the railroads see to go into the hands of a receiver. However, it is not the opinion here that the court would refuse reasonable extension of these for carrying out its mandate, if by so doing great loss would be inflicted upon innocent stockholders. Optimistic views of the obtecome are held, simply upon the ground that a way out must be found, and therefore will be. It is untilinkable that a situation will be allowed wherein \$133,00000 of Southern Pacific stock is to be thrown the market.

The new administration is quite willing to slid in honest efforts to meet the court's requirement and prevent unsettlement of business. Mr. McReynolds is ready for proportions.

## proporitions." Bid for Common.

The official closing of Washington Railway and Electric common stock was 51 bid. none offered. There were several bids of 53, 551-4, and 58-28, and 59 was low without uncovering a selling order, and then finally 50 was asked for a fifty-share lot. way and Electric common stock was 51 mm bid, none offered. There were several bids of 53, 581-4, and 58-2-8, and 59 was 100 did without uncovering a selling order, 100 and then finally 50 was asked for a fifty-and then finally 50 was asked for a fifty-final final few days the common shares 400.

of the Washington Railway and Electric Company have advanced from \$5-1-2045-5 to \$8 bid. And on a rumor, but a welfounded one, that there would be something doing at the next meeting of the directors of the corporation.

On the first of the present month regular quarterly dividends were paid on both the common and preferred shares, and as the time is not near for another declaration, any distribution that an announcement will be made of an increased payment with the next dividend period, although that is still too far away to warrant announcement.

Bids of \$5-1-4 were made for the preferred stock, and be shares sold at this price, later \$5-1-4 were made for the preferred stock, and be shares sold at the price, later \$5-1-4 were made for the preferred stock, and be shares sold at the price, later \$5-1-4 were made for the price, later \$5-1-4 were made for the price. In the minds of holders of effect on the minds of holders of effect on the minds of holders and security of the west about the state of the washing to consolidated \$5-101 (Capital Traction is brought 100 in a servance of Good Friday and the Easter adjournment will enable many members to take their swal Easter vacations. Atlantic City will draw many brokers and some of the banking contingent, authoush the banks will not be closed over either Friday or Saturday.

The fact that the New York Exchanges will be closed during the two last days of the week should clause some covering by shorts wither Wednesday and Thursday.

The country was a should be successed to the stock of which ground the same of the banking contingent, authoush the banks will not be closed over either Friday or Saturday.

Record-breaking exports of iron and steel are shown by the latest reports the million dollars represent the value of daily exports, most of which goes to North and South America.

Sir George Paish, editor London Sta-tist, says money stringency in Europe is passing away, and situation is likely soon to improve.

Balance of trade in favor of United States in February of \$44,56.7c estab-lishes new high record

Buffalo, Rochester and Pittsburg order \$1,000,000 of cars and locomottives.

London copper market east, off 3 sh Childs-I am inclined to look for a be

Childs—I am inclined to look for a better market this week. Market has bed pretty well in spite of a lot of unsettlin influences, and as it now looks. I would rather buy than sell. It is no market, however, to take a position, not does it appear that we have seen the low prices. Traders will do littly until we hear from Washington, and then, if no decision is announced. I look for a rally.

for a raily.

Former Judge Lovett issued a statement yeaterdax morning reviewing the
latest development with respect to a
dissolution plan for the Union Pacific
and Southern Pacific. In a word, be
susys that the representatives of the two
companies must start afresh and try
to work out some plan to comply within
the decision of the Supreme Court. Continuing he says: "As soon as we have
done so we shall submit the same to
the Attorney General and to the circuit judges."

After Issuing the statement on the dissquittion plan. Chairman Lovett, of the
Thion Pacific, andi: "We have not formulated as yet any of the fundamentals
of the new plan, and it is unlikely that
there will be any occasion for a meetting of the Union Pacific board for sometime."

Attorney General McReynolds said yes-terday that he had not yet decided what he would do, if anything, with regard to reopening the American Tobacco case. He said that he had not yet taken the matter up.

matter up.

Harriman & Co.—Stocks were duit and heavy all day and closed practically at the bottom prices. Causes for the weakness were easily found, in adultion to the general reason that the war in Europe and the fees of tariff reform in America persist, the trouble yesterday was that the Supreme Court handed down no decision in the Minnewota rate case, and that the Union Pacific is again upset. New low records were made by New lave and Goodrich. Even at the low prices there was no demand for Locks.

S. B. Chapin & Co.—While the general market was irregular and unsettled yesterday from the opening, it showed lets weakness for the standard railroad and industrial stocks than many had been led to expect from the pessimistic constructions placed upon the abandonuent of the Union Pacific's plans for dissolving its merger with the Southern Pacific.

The principal selling was of a speculative character, with the heaviest declines and the most weakness appearing in the industrial specialities. The bear in the industrial specialties. The bear

offering down these stocks during the afternoon. While the market failed to show any map to the buying, there was nevertile-less good support in the standard stocks and also many good industrials like Corn Products and Steel.

Bankers here believe our gold export movement is about over, and that the anticipated money criss in Berlin on April 1 settlements there has been so well provided for it is not likely to occur. In the meantime the Union Paritic management still has until May 12 to evolve a new dissolution plan.

Frank B. Kellogg, Recent Visito Germany, Discusses Financial

MONEY VERY TIGHT

Situation.

Situation.

New York, March E.—Frank B. Kellogg, of St. Paul, and Henry Clay Pierce, who, with their wives have been making a tour of Europe, returned to-day on the George Washington. Mr. Kellogg is the lawyer who was special prosecutor for the government when Judge Landis, of Chicago, fined the Sunadard Oil Company E5,000,00. Mr. Fierce is president of the Waters-Pierce Oil Company. "Money is very tight in both Germany and Frunce," said Mr. Kellogg, "and it is due to the vast sums spent by both countries in keeping up their great armament. In Germany, when it is possible to borrow money, one has to pay 7 or 8 per cent interest. The people are taxed from 1-4 of 1 per cent to 4 per cent under the burden. I do not see why France and Germany, England and this country do not get together and fix a limit on their armament. Something of the kind should be done before this preparedness for war impoverisher the people of the four countries."

four countries."

The Earl and Counters of Suffoik were passengers also. The counters was formerly Miss Datey Letter of Chicago. She has come over to attend the funeral of her mother at Washington. Mrs. Letter died two weeks ago.

## FARMERS' FINANCES WILL BE STUDIED

President Names Commission to Go to Europe and Investigate Agri-

cultural Credit Systems. President wilson yesterday appointed a commission of seven men prominent in the agricultural field to conduct in Europe an investigation of agricultural rerdit systems and co-operative organi-tations among the farmers of those countries.

Europe an investigation of agricultural antions among the decorative organization among the armers of those countries.

The men appointed by President Witson are: Senator Fletcher of Florida, president of the Southern Commercias Congress. Senator Gore of Okinboma, chairman of the Senate Agricultural appropriation: Reprisentative Moss of Indiana, chairman of the Agricultural Appropriation Committee of the House; Ciarence J. Owens, of Maryland, mansaing director of the Southern Commercial Congress and formerly president of the Southestern Agricultural College. of Alabams: Kenyon L. Butterfield, president of Amherat College, and a leader in agricultural development work; John Lee Coulter, of Minnesota, the government's expert on agricultural Georgia, president of the Southern Commercial Congress.

This commission will co-operate with the American Commission on Co-operative Credit, organized by the Southern Commercial Congress, which will visit Europe this spring. Congress has approved the efforts of the Southern Commercial Congress, and the action of President Wilson yesterday in appointing government commissioners to co-operative Commission is the final step giving the American Commission the status of a semi-official body.

Lipon its return from Europe the commission in directed by Congress to submit a report on agricultural co-operation, particularly on co-operative credit systems.

About \$100,000 Compromise.

About \$100,000 Compromise.

Chicago, March II.—Directing a new probe into alleged frauds in evading Federal tax on the part of olcomarserine manufacturers, Judge K. M. Landis to-day instructed a special Federal around jury to investigate the method by which frauds alleged to amount to \$1,900,000 were recently compromised for \$100,000.

Judge Landis instructed the jurgers particularly to consider whether any public officer or agent for the government had any part in the arrangement.

The investigation is the second into the use of sulphur treated oils in the manufacture of olcomargarine by which the makers are alleged to have sought to avoid payment of the tax required on colored products. The former inevettigation led to indictments. The oleomargarine makers took the mater up with the Treasury Department and former Secretary of the Treasury MacVersch agreed to accept \$100,000 in compromise. The agreement came in the closing hour of the Traft administration.

Dunnville, Ontario, March IZ.—Business was paralyzed here to-day, and there was much fear among the residents as a result of the flood yesterday, the most disastrous that ever visited this section, and which causing a property loss of over \$1,000,000. No lives were lost.
